Due to continues growing trend on demand from Turkish Ports to Israeli Ports still brings unavailibility of space on our vessels and increasing costs of repositioning equipment which bring along the operational costs as well.

In this respect, we are forced to revise Peak Season Surcharge(PSS) valid for all exports from Turkish Ports to all Israeli Ports without any exception ;

PSS will be revised as ;

Old PSS		New PSS
USD 350.-/20’	→	USD 800.-/20'
USD 500.-/40'	→	USD 1100.-/40'

New PSS will be applicable valid by:
